

Meeting Editor-In-Chief Session (07/06 4:10pm-6:00pm)

**Description:**

Meeting with EIC session is a tradition of CICTP conference series and over the years it has had a tremendous impact among young scholars and professionals in China by providing them a rare opportunity to interact with EICs of leading transportation journals. This year, the session will focus on two topics: 1) opportunities for young scholars to build connections through journal activities (e.g. how to become an effective reviewer, how to maximize exposure of their papers, how to develop and organize a special issue) and 2) emerging research trend in each journal's focus areas. Confirmed panelists include EICs of Transportation Research Part B, C, D, and E, Journal of ITS, and Transportation.

**Panelists:**

Dr. Hai Yang, EIC of Transportation Research Part B

Dr. Yafeng Yin, EIC of Transportation Research Part C
